

CORTA

 1800SQFT.

The Corta is designed for modern, functional living with a smart open-concept main level featuring a family room with electric fireplace, a well-appointed kitchen with central island and walk-in pantry, and a bright nook with optional sliding patio doors. A front-entry den adds flexible space, while the mudroom with direct garage access keeps daily life organized. An optional side entrance offers added convenience and future potential. Upstairs, well-proportioned bedrooms and an efficient layout maximize livable space, making an ideal choice for today's lifestyles.
